OUR PROGRAMS

1ST YEAR

DISCOVERY AND INITIATION

Learn how the fashion market works, how it develops, and where it will go: the basic production techniques involved in fashion.

2ND YEAR

YEAR OF INTENSITY AND DEPTH

In depth insight of the fashion market, learn how to use the latest marketing channels, as well as law and finance aspect.

3RD YEAR

IMPLEMENTATION AND GLOBALIZATION

An international perspective of fashion as a cultural barometer, marketing context, and gaining knowledge by working in a real company.

THREE ELEMENTS IN FASHION BUSINESS PROGRAM

Marketing & Communication

Fashion Routes

Management

INTERNATIONAL FASHION BUSINESS

This program is tailored for the Business of Fashion, focused in Digital Marketing. Specialized in Marketing, Sourcing, and Distribution in the Luxury Market. We have designed this business program to increase the focus on entrepreneurship as Indonesia's market currently offers a million opportunities for young, eager, and creative minds. You will use your ability to discover opportunities and learn how to market your great business idea.

3 YEAR HIGHER-EDUCATION PROGRAM ESMOD INTERNATIONAL CERTIFICATION

The International Fashion Business program is not only about business, you will also learn about the basics in Fashion Creation, so you can be a knowledgeable business partner. You will have opportunities to apply it during internship, also when creating final project as required for graduation to make a business concept.

INTERNSHIP

Working in a company to put into practice the knowledge acquired. The internship allows one to understand how a fashion company functions / the generation / communication event / purchase of a business / apparel industry accessories. It is also intended to facilitate the understanding of business and employability.
