ESMOD JAKARTA Creative Show 2022

204 Looks & 90 Designers

The Creative Show was held on 4th November 2022 by ESMOD Jakarta as one of their annual events. It showcased the collections from the student class of 2022 with a total of 90 designers, 204 looks, and 5 specializations. There was Kid's Wear, Men's Wear, Lingerie, Women's Ready-To-Wear, and Women's Nouvelle Couture Lux with Eco-conscious and Indonesian Heritage themes. Everything went smoothly. Congratulations to the students class of 2022! Bravo.

ESMOD Jakarta also brings in a new identity for the Diploma program (D4) collaborating with CPI (Creative Polytechnic Indonesia) in Fashion Design, Creative Business, and Digital Business programs.

Check out our news on Instagram @esmodjakarta and our website www.esmodjakarta.com for more information.

In Loving Memory Patrice Albert Pierre Desilles

We regretfully announce the passing of Patrice Albert Pierre Desilles, our Academic Program Manager on 19th November 2022. Mr. Patrice, an inspiring, hilarious, and compassionate beloved one, was a firm believer in innovation for improvement and always in search of new challenges for his unquenchable thirst for new concepts in fashion.

He graduated from ESMOD Paris and after having worked with several renowned French designers, continued his career path as ESMOD Jakarta's Academic Program Manager for 20 years long amazing journey, and will be dearly missed by everyone at ESMOD Jakarta.

The world is a sadder place without Patrice Desilles in our lives. But he touched each and every one of us and has left us with memories we will cherish forever.

His legacy will continue to live on.

Mix Media Fashion Collage Workshop

ESMOD Jakarta collaborated with Happy Go Lucky House (HGL) on its Mix Media Fashion Collage workshop. It was held on 27th November 2022 at By The Sea PIK. The workshop offers knowledge, reference, and the big picture about fashion design in collage-making to develop ideas.

A fashion collage is a piece of art made by cutting, sticking, tear out different materials such as photos and pieces of paper or fabric onto a backing. The technique can have a greater visual impact different than drawing, you can take ideas from anywhere and put them together creatively to have your inspiration come to life.

The workshop was fun and offered the audience an activity that required them to explore their creativity. Stay tuned to our next schedules info by WhatsApp +6281-1122-0699

ESMOD Jakarta X Sinar Mas Land: Boost Skills of MSMEs People with Disabilities

ESMOD Jakarta and Sinar Mas Land collaborated in a talk show and workshop to empower MSMEs people with disabilities on 24th November 2022. The topic was discussed about green lifestyle and eco-conscious.

This event took place at the Green Office Park 9 Auditorium, attended by 200 participants with great enthusiasm. The participants were members of Sinar Mas Land's corporate social responsibility (CSR) program in the economic sector, called the SML UMKM Center, and also attended by students with disabilities from schools around Tangerang and South Tangerang.

The event was the first collaboration between ESMOD Jakarta and Sinar Mas Land in the Economic Sector that will be sustainable in the future. This collaboration will be continued in 2023 with an intensive mentoring program related to the development of eco-conscious fashion products and simple business management for MSMEs people with disabilities. The program is expected to help boost the skills of people with disabilities to be independent in the financial aspect.
